Decency is not yet dead in Marietta, as forthcoming developments will surely show.

Cleveland has been captured by the boys in blue—and it was done without firing a shot.

Ohio had 9,800 veterans in line in the G. A. R. parade at Cleveland, ranking first among the states.

Marietta investigations have been suspended long enough to allow the Sampson-Schley controversy to proceed without handicap.

A Toledo woman has sued her husband for divorce because he hasn't kissed her for thirteen years. The poor man hasn't told his story yet.

If Emma Goldman inspired Czolgosz, who inspired Emma Goldman? The thing to do is to ferret out the very heart of anarchy—then destroy it, root and branch.

The merchants of Marietta are getting ready for next week and from present indications the buildings of our business streets will be a bower of purple and white.

The Republican Campaign opening at Delaware September 21st promises to be large and enthusiastic. This is a Republican year, and victory is already in the air.

A magnificent portrait of President McKinley has been placed in the Marietta post office. The picture is true to life and is an inspiration to all post office visitors.

Eminent lawyers say that under the existing laws of New York the maximum sentence for Czolgosz will be ten years imprisonment. What a great pity that the punishment cannot be made heavy enough to fit the crime.

Senator Hanna has put a quietus on the Presidential boom that was being incubated by his enthusiastic friends. Senator Hanna is a practical man, and it was plain enough to him that a movement of that kind at this time was very much premature.

Hon. Joseph H. Choate, Ambassador of the United States at the court of St. James, has been granted a leave of absence by Department of State, and is enjoying his vacation among his friends on this side of the ocean. He is said to be gathering a new supply of stories to take back with him to England.

Hon. David H. Moore, Republican nominee for State Senator in this district has resigned as a Trustee of the Ohio University at Athens; and Governor Nash has appointed Mr. Henry Blenssen to fill the vacancy.

The wonderful work performed by the physicians who have been treating President McKinley shows the triumph of latter day surgery and demonstrates plainly what great progress has been made in this line during the last twenty years. If this accident to the President had happened even ten years ago the chances are ten to one that death would have resulted.

The Marietta Board of Trade will meet next Monday evening at which time a report will be made by the special committee which was appointed at the last meeting to confer with Hastings, Wilkinson and Waller, the gentlemen who have a steel plant proposition. This meeting is of much importance and a full attendance of the membership of the Board is earnestly requested.

Considering the facts in the light of cold reason, it is evidently the duty of congress to declare the anarchist a wild beast, and to put him under the jurisdiction of the war power, whose weapons he has chosen. The anarchist has declared war upon society and put himself outside the civil law. In self-defense society must meet war with war, and show no mercy to the wild beasts, who give no mercy—Chicago Inter-Ocean.

DOWN WITH ANARCHY.

Former Secretary of State, Judge William R. Day, spoke at the G. A. R. Praise Service at Cleveland on Thursday. On the question of anarchy he said:

There must be no place under our flag for the propaganda of the doctrine of the anarchists.

Laws must be enacted which shall visit such criminals with just and sure punishment, not only the pupil, but the teacher of such theories must be reached and punished. The advocate of its awful tenets must be kept from our shores; its principles must be torn root and branch, from every foot of our domain until its adherents learn that to attack the government through its highest officials is one of the most heinous of crimes, sure to meet with swift and terrible retribution. Let there be no nook or corner of the civilized world where it can hide and call itself safe.

MILITIA

May be Called Upon by the B. & O. Railroad.

By Associated Press.

Washington, Ind., Sept. 12.—Although 350 machinists in the Baltimore & Ohio S-W shops here decided not to join the strikers, yet many machinists quit today. Forty more laborers were imported today, but only a part of them went to work. Master Mechanic Hair was asked if Superintendent Fritsch had called on the government for troops. He said he did not know.

MILITIA NOT CALLED.

Indianapolis, Ind., Sept. 12.—The Governor's office says there was no call for the militia at Washington, Ind.

ELECTRIC

Line From Indianapolis to Cincinnati.

By Associated Press.

Indianapolis, Ind., Sept. 12.—The Cincinnati and Indianapolis Traction Company, organized to build an electric line from Indianapolis to Cincinnati, was incorporated here today. The route will be through Marion, Shelby, Decatur, Franklin and Dearborn counties, touching Shelbyville, Greensburg, and other county seats.

The incorporators are J. C. Hooven, C. E. Hooven, Stanley Shaffer, G. O. Richter and C. E. Heiser, all of Hamilton, Ohio.

BANKRUPTCY

Petition Filed Thursday by Pfaff & Smith.

On Thursday a petition in bankruptcy was filed by Pfaff & Smith, the well known boot and shoe men of the West Side. The cause of the failure has not been learned, but it is supposed to be bad book accounts. The liabilities are estimated at \$2,500; assets, about \$1,500 to \$2,000.

The Hammond Oil Co's No. 6, S. H. Metzger, will make ten barrels.

SCOTTOWN FIELD.

Special to the Leader.
Scottown, O., Sept. 12.—The United States Oil Company's No. 8, William Cross, which has been producing from the salt sand, is exhausted in that strata and in attempting to drill it to the lower sand the casing dropped and collapsed, plugging the well and causing the moving of the rig.

Barret is Improving.

W. S. Barret, of Murphysburg, who was so terribly injured in the Sand Fork, Lewis county oil field about a week ago, is improving, and word comes from there that he will soon be able to be moved from that place to Weston. When his team ran away he was thrown from the wagon, falling forward on his face the heavy load passing over his shoulder and back, breaking the shoulder blade and tearing three ribs loose from the backbone. He was otherwise injured internally, and his escape from death was miraculous. He was carried in a blanket from where the accident occurred to a house in the neighborhood, where he has been ever since. Mrs. Barret has been with him ever since the day after the accident.—Parkersburg Sentinel.
